MEMORANDUM FOR: Deputy Director for Intelligence

SUBJECT : Videotape Recordings About CIA

1. This memorandum summarizes the videotape recordings about CIA which remain on file in the Central Libraries Division. I would recommend that this list be reviewed by the DDO and the General Counsel, and erasure made on all or some of the videotapes according to their wishes. [REDACTED]

STAT

[REDACTED] has already discussed the matter with Angus Thuermer. Thuermer's need for the videotapes has been satisfied since he has written transcripts of sixteen of the eighteen programs listed, and could possibly obtain transcripts of the two remaining programs (identified by an asterisk) if desired from his commercial transcription service contact.

2. Erasure of these programs would allow CRS to record current and future shows of interest without additional cost for more videotape.
